

About Me - Portfolio Website

Overview

This personal portfolio website showcases my skills, projects, and expertise as a full-stack developer. It includes sections for an introduction, about me, services, projects, testimonials, and contact information.

Features

- Fully responsive design for all devices.
- Smooth animations and transitions.
- Dedicated projects section with GitHub links.
- Contact form for easy communication.
- Font Awesome icons and Google Fonts for enhanced styling.

How to Open the Website

To view this portfolio website, follow these steps:

◆ Option 1: Open in a Browser (Recommended)

1. Locate the index.html file.
2. Double-click the index.html file to open it in your default browser.
3. Ensure you have an active internet connection to properly load Font Awesome icons and Google Fonts.

◆ Option 2: Using a Local Server (For Best Performance)

For an optimized experience, you can use a local development server:

Using Live Server in VS Code

1. Install the "Live Server" extension in VS Code.
2. Right-click on index.html and select "Open with Live Server".

⚠ Important Notes

- **Internet Requirement:** The website **requires an active internet connection** to properly load **Font Awesome icons** and **Google Fonts**.
- **Image Paths:** Ensure that all images in the images folder are correctly linked and available.
- **Browser Compatibility:** The website is optimized for modern browsers such as Chrome, Firefox, and Edge.

For any issues or customizations, feel free to modify the HTML, CSS, and JavaScript files as needed. Happy browsing!
